Dear valued Lamborghini Sales and Service Manager,

Via Modena, 12
I-40019 Sant'Agata
Bolognese
Telefono +39 051 9597611

In the course of continuous product monitoring and internal tests, Automobili Lamborghini S.p.A. has determined that a non-compliance that relates to motor vehicle safety exists in certain Huracan model year 2024.

The affected vehicles have may have wrongly skipped the basic settings configuration of the high beam headlights. In the absence of the basic setting, it is possible that an error will be registered in the Headlamp ECU which could cause the high beam to not activate when selected. Inoperable high beam headlights may reduce visibility, increasing the risk of a crash.

For the reasons listed above, Automobili Lamborghini decided to launch a non-compliance recall campaign to rework the involved cars.

The timeline date for this recall :

- Campaign launch in LIASS on or before May 10th.

In order to further support you in answering questions to your customers, we are attaching the FAQ (Frequently Asked Questions) form you must follow. Since these activities are extremely important, we are confident you will make every effort to ensure that the vehicles are repaired in the shortest time possible.
