

## New Safety Recall Advanced Communication – 24B

FCA US LLC (FCA US) has announced a safety recall on certain 2022 Model Year (KL) Jeep® Cherokee vehicles.

VINs identified as being involved in this campaign are currently live and searchable.  
**Stop sale is in effect for the above-identified vehicles.**

Vehicles impacted by a stop sale are eligible for reimbursement allowance through the Recall Floorplan Reimbursement Policy (RFPRP), which can be requested upon recall claim submission.

**IMPORTANT:** Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$27,168 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

### **REASON FOR THIS SAFETY RECALL**

Some of the above vehicles may have been built with a steering column control module (SCCM) detent spring that may prevent the turn signal lever from latching or staying latched for right hand turns. Suspect vehicles may have a turn signal lever assembly that self-cancels without steering wheel rotation or manual input. **A turn signal unit that inadvertently self-cancels may result in surrounding drivers not receiving indication of the intent to change vehicle direction, which can cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 108 S9.1.1 which requires that "The turn signal operating unit [...] must be self-canceling by steering wheel rotation and capable of cancellation by a manually operated control."

### **SERVICE ACTION**

FCA US will conduct a voluntary safety recall to inspect and, if necessary, replace the steering column control module. The remedy for this condition is not currently available. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in the 2nd Quarter of 2024.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.

# IMPORTANT SAFETY RECALL

## Turn Signal Lever Latch

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2022 Model Year (KL) Jeep® Cherokee] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108 – Lamps, reflective devices, and associated equipment.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The steering column control module (SCCM) on your vehicle <sup>[1]</sup> may have been built with a detent spring that can prevent the turn signal lever from latching or staying latched for right hand turns. The turn signal lever assembly may self-cancel without steering wheel rotation or manual input. **A turn signal unit that inadvertently self-cancels may result in surrounding drivers not receiving indication of the intent to change vehicle direction, which can cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 108 S9.1.1 which requires that "The turn signal operating unit [...] must be self-canceling by steering wheel rotation and capable of cancellation by a manually operated control."

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

**The remedy for this condition is not currently available.** We are making every effort to finalize the remedy, and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US LLC will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment <sup>[2]</sup>. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](https://www.fcarecallreimbursement.com) to submit your reimbursement request online <sup>[3]</sup>. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
