## ARA7 Recall Campaign - Replace shift cable

ID Number	ARA7
Affected Models	718 Boxster / Cayman (982)
Affected Model Years	2024
VIN List	Attached
Number of affected vehicles	14
Issue Description	<p>On the affected vehicles, the cable sleeve on the shift cable of the PDK can potentially be damaged if the re-work is not carried out in the correct manner.</p> <p>This may result in the transmission not being shifted into the parking position (P) as intended. As a result, the vehicle may roll away although parking gear has been selected.</p> <p>To prevent this from happening, the shift cable must be replaced.</p>
What should Porsche Centers do?	<p>Please arrange for the remedy to be carried out as soon as possible on affected vehicles.</p> <p><b>As of the time of this posting (6/14/24) the repair is immediately available.</b></p>
What will Porsche do?	<p>Vehicles will have the remedy performed once it is available.</p> <p><b>As of the time of this posting (6/14/24) the repair is immediately available.</b></p>
