RE: IMPORTANT SAFETY NOTIFICATION – NHTSA Recall Notice 24V-354 - ATC Toy hauler with a Suburban slide in range with red LED backlit knobs.

To: All Dealers

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

The Aluminum Trailer Company (“ATC”) has decided that a defect, which relates to motor vehicle safety, exists in certain 2021-2024 ATC Toy hauler 5th Wheels specifically with a Suburban slide in range with red LED backlit knobs that were manufactured by ATC from December 2021 to April 1st, 2024.

If the trailer specified has a Suburban slide in range with red LED backlit knobs, the LED backlit printed circuit boards (PCB) could fail. If the PCB fails, it can become overheated, and the polyethylene cover of the lights can melt and possibly ignite causing a fire. Safety of all past and present ATC trailers is our top priority.

Owners will be notified by mail about the recall. ATC will remedy the defect without charge by assisting Suburban in the repair of the range. ATC will work with Suburban to supply the required parts kit and work instructions for the repair. There is no cost to owners for this recall. ATC will reimburse any customer who incurred costs to repair the defect before our notification was sent.

Please be reminded that it is a violation of Federal law for you to sell or lease the trailers covered by this notification until this recall has been performed on these trailers. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact Customer Support at The Aluminum Trailer Company by mail, P.O. Box 396 Nappanee, IN 46550; by phone (877) 441-2440, or electronic mail customersupport@atctrailers.com.

Sincerely,

The Aluminum Trailer Company
