Event Unavailable Affecting Recalls

Genesis Motor America Hyundai Motor America has noted following the GDS update last night (NNG-02-0052) that event 1140 is unavailable. This affects This affects Recall Campaign 023G (ECU Update and DTC P0088 Inspection/Repair under TSB # 24-01-076G).

The update was pulled from the server and is no longer available. If you have already updated your tablet, please use a tablet that has not received the update (NNH-02-0051 or earlier). A resolution should be available by tomorrow in way of a new GDS update.

Thank you for your patience as we address this concern.
