Subject: **Update Recall 24V-534 Rear Cargo Rails**

Effective immediately, please stop repairs of Recall 24V-534 Rear Cargo Rails on all affected vehicles. This includes all dealer inventory, demos, loaners, rentals, and customer vehicles.

Due to an identified potential concern with the parts required to complete the campaign, Parts Logistics has stopped shipping all parts for this Recall until further notice. TEC693 Screw Return has been published and all parts must be returned. Parts must not be sold or installed on any vehicles.

Any appointments scheduled should be cancelled until further notice.

Any repairs which have already been completed should be claimed through the Warranty System as soon as possible.

Sincerely,
Technical Service
