

PENDING WINNEBAGO RECALL #186
NHTSA# 24V-541
Transport Canada# 2024-419

DATE: 07/29/2024

MODELS AFFECTED: 2021 - 2025 Ekko

New Safety Recall / Stop Sale Notification

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

Reason for this Safety Recall

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain:

2021 - 2025 Ekko

These motor homes were manufactured January 14, 2021 through July 19, 2024.

Impacted units will be identified with pending labor operation code **2486111**. This labor operation code is for identification purposed only and will be replaced when the recall is activated.

Description

The Ekko solar charging system was not designed per manufacturer recommendations. A thermal event can occur due to the melting of the solar charging system fuse, this increases the risk of a fire or injury.

Service Action

Winnebago will conduct a voluntary safety recall to reconfigure the solar charging system, however the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired

Thank you for your continued partnership!
