**IMPORTANT RECALL INFORMATION #240812REV  
 OCTOBER 2024**

**TO: ALL REV RECREATION GROUP DEALER PRINCIPALS,  
 SERVICE MANAGERS AND PARTS MANAGERS**

**SUBJECT: RECALL CAMPAIGN #240812REV - Inspection/Installation of a  
 GFCI protection device**

REV Recreation Group, Inc., on behalf of its manufacturing center located in Decatur, Indiana, is requesting your assistance in conducting a voluntary recall notification campaign in accordance with the United States National Traffic and Motor Vehicle Safety Act and the Canada Motor Vehicle Safety Act.

REV Recreation Group, Inc. has decided that a safety defect relating to motor vehicle safety exists on **certain** Fleetwood and Holiday Rambler, brand Class A gasoline motorhomes:

**Fleetwood Products**

Model Year(s) 2019-2024 Flair  
 Model Year(s) 2023-2025 Flex

**Manufactured date range**

June 22, 2018 – January 4, 2024  
 April 18, 2022 – April 24, 2024

**Holiday Rambler Products**

Model Year(s) 2019-2025 Admiral  
 Model Year(s) 2023-2025 Eclipse

**Manufactured date range**

July 26, 2018 – February 14, 2024  
 June. 29, 2022 – May 21, 2024

**Models:** 34J, 35R & 33B6

We are notifying the owners of the affected vehicles in order to correct the problem outline below. Copies of the U.S. and Canadian owner notification letters and Service Bulletin are attached for your information.

**WHAT IS THE PROBLEM?**

On motorhomes affected by this recall campaign the exterior patio electrical receptacle can be powered by inverter power, shore power or generator power. Only the inverter power source provides Ground Fault Circuit Interruption (GFCI) protection for the receptacle. The receptacle is not GFCI protected when powered by shore cord power or generator power. Without GFCI protection a ground fault may occur when someone is in contact with a live circuit while in wet or damp conditions. Risks of personal injury or death may occur.

**WHAT SHOULD YOU DO?**

Stock units must not be sold until the recall has been completed. Owners of the

above-mentioned motorhomes have been told only while in wet or damp conditions to use the exterior patio electrical receptacle when it is powered by Inverter power. In the event that you are contacted by a customer, please verify eligibility by referring to the serial number range listed in the attached **Recall Service Bulletin #240812REV** prior to beginning repairs. Contact REV RV Technical Support at (800) 816-9825 for repair authorization, and REV RV Parts at (800) 509-3417 to order replacement parts.

Once repairs have been completed according to **Recall Service Bulletin #240812REV**, have the customer sign your dealership's **Internal Repair Order**. Warranty labor claims are to be submitted electronically to REV Recreation Group. Customers will not be charged for these repairs.

*If you have one of these vehicles in your inventory, you will be mailed a Safety Recall Notice for that specific motorhome. **REV Recreation Group dealers are required to make repairs to stock units on dealer lots prior to sale or lease.***

**Federal Law (Section 154 of the National Highway Traffic and Motor Vehicle Safety Act) of 1966 requires that: If you have received a notice of recall or failure to comply from REV Recreation Group, Inc. or any component manufacturer, you must repair or otherwise correct the defect on vehicles remaining in your inventory according to the notification before selling or leasing the vehicles. Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within ten days.**

Please carefully review this entire package with your parts and service staff to familiarize them with the step-by-step procedure and implement the Voluntary Recall Campaign.

Thank you for helping REV Recreation Group with its continuing efforts to maintain customer satisfaction. If you have any questions, please contact your REV Recreation Group Service Center.

Sincerely,

**REV RECREATION GROUP, INC.**
