

PENDING WINNEBAGO RECALL #187
NHTSA# 24V-613
Transport Canada# 2024-475

DATE: 09/04/2024

MODELS AFFECTED:

2023 – 2025 Vista, Sunstar, and Adventurer

New Safety Recall / Stop Sale Notification

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

Reason for this Safety Recall

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain:

2023 – 2025 Vista, Sunstar, and Adventurer

These motor homes were manufactured **April 19, 2023**, through **August 6, 2024**.

Impacted units will be identified with labor operation code **24871111**. This labor op is for identification purposes only and will be replaced when the recall is activated.

Description

Incorrect wire routing may cause potential damage to the forward-facing camera wiring.

If the camera becomes inoperable, features such as active brake assist, lane keep assist, and auto high beams may become disabled, increasing the risk of a crash.

If the above safety features become disabled, the driver will receive a dash warning.

Service Action

Winnebago will conduct a voluntary safety recall to reroute the wiring, however, the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
