RE: IMPORTANT SAFETY NOTIFICATION – NHTSA Recall Notice 24V638– Fuel Line

To: Dealers

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Aluminum Trailer Company (ATC) has decided that a defect, which relates to motor vehicle safety, exists in certain CK7G generator models with serial numbers C01288 - C01552 that were installed in trailers manufactured by ATC in 2022.

If the trailer specified has a CK Power generator with a serial number in the range of C01288 – C01552 it may contain a defect with the fuel line assembly that could cause a fuel leak and pose a risk of fire. The fuel lines could potentially fail if the lines contact surrounding components or if the hose clamps are not properly installed. Safety of all past and present ATC trailers is our top priority.

Owners will be notified by mail about the recall. CK Power will remedy the defect without charge to you in the repair of your generator. CK Power will provide work instructions to remedy the risk. CK Power will supply the required parts kit and work instructions for the repair. CK Power will reimburse any customer who incurred costs to repair the defect before our notification was sent. There is no cost to owners or dealers for this recall.

Please be reminded that it is a violation of Federal law for you to sell or lease the trailers covered by this notification until this recall has been performed on these trailers. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact Customer Support at The Aluminum Trailer Company by mail, P.O. Box 396 Nappanee, IN 46550; by phone (877) 441-2440, or electronic mail customersupport@atctrailers.com.

Sincerely,

The Aluminum Trailer Company
