

PENDING WINNEBAGO RECALL #188
NHTSA# 24V-662
Transport Canada# 2024-512

DATE: 09/20/2024

MODELS AFFECTED:

2024 – 2025 Ekko

2025 View / Navion

New Safety Recall / Stop Sale Notification

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

Reason for this Safety Recall

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain:

2024-2025 Ekko

2025 View / Navion

These motor homes were manufactured **October 19, 2023**, through **August 23, 2024**.

Impacted units will be identified with labor operation code **24881111**. This labor op is for identification purposes only and will be replaced when the recall is activated.

Description

Air conditioner soft start modules installed in certain Winnebago vehicles may fail without any warning.

The failure may potentially lead to overheating, an air conditioner soft start module that overheats increases the risk of a fire.

Service Action

Winnebago will conduct a voluntary safety recall to replace the module, however, the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

In the interim, discontinue use of the air conditioning unit(s) until the remedy can be performed.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
