Allegro Bay Truss Reinforcement

Dear Tiffin Motorhome Dealer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Tiffin Motorhomes has decided that a defect, which relates to motor vehicle safety, exists in certain **2022, 2023, 2024 and 2025 Allegro Bay Motorhomes that were built between September 14, 2021, through June 18, 2024.**

On certain motorhomes, the trusses for the subframe of the motorhome were manufactured using 18-gauge steel which is insufficient for the weight of the motorhome. If a truss were to collapse, there is the possibility that the electrical wiring could be damaged. Damaged electrical wiring could increase the risk of a fire.

Tiffin Motorhomes will have subframe of the motorhome inspected and reinforced as needed. Tiffin Motorhomes will also inspect the electrical wiring and hydraulic system, and repair as needed.
