

## DEALER COMMUNICATION

### IMPORTANT SAFETY RECALL NOTICE

**Date:** September 24, 2024

**To:** All Winnebago Towable Dealers

**Subject:** NHTSA Safety Recall Number: **24V-687**  
Transport Canada Recall Number: **2024-522**  
Winnebago Towable Internal Number: **CAM0000039**

**Issue:** Winnebago Towables has decided that a defect related to motor vehicle safety exists on certain 2024 & 2025 Winnebago Access models. These vehicles were manufactured **February 13, 2024**, through **June 11, 2024**.

On certain 2024 & 2025 Access models the metal siding may be incorrectly attached. This could potentially allow for the metal siding to become loose during transit, and in some cases, detach.

**Affected Vehicles:**

MAKE	MODEL	MODEL YEARS
WINNEBAGO	Access	2024 / 2025

**Repair Information:** The remedy is currently being developed.

**Owner Notification:** Winnebago Towables anticipates notifying owners by the beginning of November.

**Owner Precautions:** Winnebago advises owners to inspect the metal siding, and if any are loose, to contact Winnebago before towing.

**Dealer Responsibility:** Do not deliver any subject trailer until corrective action has been taken. All vehicles subject to this campaign are to be serviced at no charge to the owners regardless of mileage, age of vehicle, or ownership from this time forward.

**Important Reminder:** It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification until the noncompliance is remedied.

Please ensure all dealership personnel are aware of this notice so they are able to address customer questions. Contact Winnebago Towable Customer Care if you require additional assistance. Direct any press inquiries to Winnebago Public Relations.
