Subject: **BMW Recall 24V-xxx: Integrated Brake Servomotor**

BMW AG is conducting a Voluntary Safety Recall (effective September 12, 2024) on certain Model Year 2023 - 2025 BMW vehicles that were produced between September 27, 2022, and September 4, 2024.

The new recall is related to the Integrated Brake module. There are only a handful of vehicles affected by this new recall that were not already included in Recall 24V-104: Integrated Braking System.

The Recall Notice and Q&A have been attached for further information.

The bulletin will be updated when additional information becomes available.

Sincerely,
Technical Service

RECALL 24V-XXX: INTEGRATED BRAKE SERVOMOTOR

MODEL

E-Series	Model Description	Production Date
F95	X5 M Sports Activity Vehicle	June 8, 2024 – June 21, 2024
F96	X6 M Sports Activity Vehicle	June 21, 2024
G05	X5 Sports Activity Vehicle	June 4, 2023 – September 3, 2024
G06	X6 Sports Activity Coupe	May 12, 2024 – September 3, 2024
G07	X7 Sports Activity Vehicle	September 27, 2022 – September 4, 2024
G09	BMW XM Sports Activity Vehicle	May 8, 2024
G60	5 Series Sedan & i5 Sedan	April 5, 2024 – June 28, 2024
G70	7 Series Sedan & i7 Sedan	September 30, 2022 – July 3, 2024
U10	X2 Sports Activity Vehicle	May 2, 2024 – June 26, 2024
U11	X1 Sports Activity Vehicle	March 30, 2023 – June 26, 2024

AFFECTED VEHICLES

Vehicles which require this campaign to be completed will show it as “Open” when checked either in AIR, AWP, Campaign Summary or Warranty Vehicle Inquiry.

Please make sure you check your dealer inventory as soon as possible. As of September 13, 2024, you can see a list of affected vehicles in Inventory Campaign Details (ICD) under ROSS.

SITUATION

BMW AG is conducting a Voluntary Safety Recall (effective September 12, 2024) on certain Model Year 2023 - 2025 BMW vehicles that were produced between September 27, 2022, and September 4, 2024.

The Integrated Brake (IB) module may not function according to specifications. If this happens, a warning lamp and message will be displayed in the instrument cluster. There will be a reduction in power assist braking, which could lead to an extended stopping distance and increase the risk of a crash. The Antilock Brake System (ABS) and Dynamic Stability Control (DSC) system may also not function, which could affect vehicle handling and control. Please note that higher pedal force may be required.

If the IB module is not functioning properly, the parking (emergency) brake will be automatically activated to aid in braking performance.

The Recall Notice and FAQ have been attached for further information.

The bulletin will be updated when additional information becomes available.

SAFETY RECALL NOTICE

To: All Center Operators, Sales Managers, Service Managers, Parts Managers and Warranty Processors

RE: Recall 24V-xxx: Integrated Brake Servomotor – B34 04 24

The Integrated Brake (IB) module may not function according to specifications. If this happens, a warning lamp and message will be displayed in the instrument cluster. There will be a reduction in power assist braking, which could lead to an extended stopping distance and increase the risk of a crash. The Antilock Brake System (ABS) and Dynamic Stability Control (DSC) system may also not function, which could affect vehicle handling and control. Please note that higher pedal force may be required.

If the IB module is not functioning properly, the parking (emergency) brake will be automatically activated to aid in braking performance.

Please be reminded that it is a violation of federal law (The Safety Act) for you to sell, lease or deliver any new motor vehicle covered by this notification until the recall repair has been performed. This means that Centers may not legally deliver new motor vehicles to consumers until they are fixed or use/sell replacement equipment/parts subject to this recall. Note also that substantial civil penalties apply to violations of the Safety Act.

Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a safety recall until the repair is completed.

Please follow any special instructions that we provide to you for the return or disposition of recall parts.

We appreciate all your assistance with this Recall.

Safety Recall
24V-xyz
IB Servomotor
Model Year 2023-2025
BMW 5 Series / i5, 7 Series / i7
BMW X1, X2, X5, X6, X7, XM
Issue Date: 09/12/2024

Q1. Which BMW Group models in the US are potentially affected by this Safety Recall?

Certain Model Year 2023-2025 BMW 5 Series / i5, 7 Series / i7, X1, X2, X5, X6, X7, and XM models in the US are potentially affected.

Q2. What is the specific issue?

The Integrated Brake (IB) module may not function according to specifications. If this happens, a warning lamp and message will be displayed in the instrument cluster. There will be a reduction in power assist braking, which could lead to an extended stopping distance and increase the risk of a crash. The Antilock Brake System (ABS) and Dynamic Stability Control (DSC) system may also not function, which could affect vehicle handling and control. Please note that higher pedal force may be required.

If the IB module is not functioning properly, the parking (emergency) brake will be automatically activated to aid in braking performance.

If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.

Q3. Why are other models / vehicles not included in this Safety Recall?

Other models have an Integrated Brake (IB) system that was produced to specifications by the supplier.

Q4. Can I continue to drive my vehicle?

Yes. However, when you are notified by BMW of this Safety Recall that a remedy is available, please contact an authorized BMW center to schedule an appointment as soon as possible. For the latest updates to this Safety Recall, please visit [bmwusa.com/recall](https://www.bmwusa.com/recall). **If you are not the only driver of this vehicle, please advise all other drivers of this important information.**

Q5. How did BMW Group become aware of the issue?

BMW Group became aware of the issue through its quality control procedures.

Q6. How will I be informed of this Safety Recall?

Owners of potentially affected vehicles will be notified via First Class mail advising them of this Safety Recall. When parts become available, they will receive another letter, requesting that they schedule an appointment with an authorized BMW center as soon as possible to have this Safety Recall performed. For the latest updates to this Safety Recall, please visit [bmwusa.com/recall](https://www.bmwusa.com/recall).

To ensure BMW has the most up-to-date contact and vehicle information, owners should register their vehicle at [bmwusa.com/myBMW](https://www.bmwusa.com/myBMW). Registration is free and will give them access to other information specific for their BMW vehicle. Alternatively, owners can visit [bmwusa.com/recall](https://www.bmwusa.com/recall) and click on “**Manage recall notices and contact information**”.

Q7. How will my vehicle be remedied?

When the remedy is available, potentially affected vehicles will have the Integrated Brake (IB) system replaced for free which should take several hours.

Q8. Do I have to wait for BMW to contact me to have the remedy performed?

Yes. We are in the process of implementing this Safety Recall to ensure that the necessary parts, tools, and procedures are available. For the latest updates to this recall, please visit [bmwusa.com/recall](https://www.bmwusa.com/recall).
