2015 - 2019 Winnebago Grand Tour

2013 - 2017 Winnebago Tour

2016 - 2018 Winnebago Adventurer

These motor homes were manufactured **May 21, 2012** through **December 28, 2022**.

Impacted units will be identified with labor operation code **24891111**. This labor op is for identification purposes only and will be replaced when the recall is activated.

Description

Certain Winnebago vehicles are equipped with front turn signal lamps that do not meet the luminous lens area requirements. As such these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard FMVSS No. 108, "Lamps, Reflective Devices, and Associated Equipment."

A smaller lens can make it difficult for other drivers to see the turn signal, increasing the risk of a crash.

Service Action

Winnebago will conduct a voluntary safety recall to replace the lights, however, the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
