General Motors is releasing Safety Recall N242477131 today.

As previously communicated on September 18, 2024, via GlobalConnect Message GCUS-3-3366, certain 2025 Chevrolet Blazer, 2025 Chevrolet Blazer EV and 2025 Chevrolet Equinox EV vehicles in new or used vehicle inventory were placed on stop delivery. This communication is to inform dealers that the VINs previously included in Stop Delivery N242477130 have been moved to new Safety Recall N242477131 along with additional vehicles.

**This is a phased launch.**

What Should Dealers Do: Dealers should review IVH or the Dealer Maxis reports for open VINs in their inventory. Dealers can view the attached bulletin and it will also be displayed in Service Information tomorrow.

The Stock VIN list of vehicles in dealer inventory is attached to this message. Note: this list is only accurate at the time of report creation and all VINs should be validated in IVH prior to repair.

**Frequently Asked Questions Document (FAQs)**

Attached to this message you will find a document that addresses the most likely questions customers may have regarding this Safety Recall. Please use this information as an aid to confidently answer customer concerns.
