

PENDING WINNEBAGO RECALL# 190

NHTSA# 24V-742

DATE: 10/16/2024

MODELS AFFECTED:

2025 View / Navion

New Safety Recall / Stop Sale Notification

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

Reason for this Safety Recall

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain:

2025 View / Navion

These motor homes were manufactured **May 06, 2024** through **July 8, 2024**.

Impacted units will be identified with labor operation code **24901111**. This labor op is for identification purposes only and will be replaced when the recall is activated.

Description

Certain Winnebago vehicles may have been built with an incorrect length screw, which can contact the driver and/or passenger seat belt retractor.

A damaged retractor may perform improperly, preventing the seat belt from securing the occupant and increasing the risk of injury during a crash.

Service Action

Winnebago will conduct a voluntary safety recall to either inspect or adjust the placement of the screw as necessary, however, the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
