

New Safety Recall Advanced Communication – B9B

FCA US LLC (FCA US) has announced a safety recall on certain 2024 model year (JL) Jeep® Wrangler vehicles equipped with a 6-speed manual transmission and trailer tow option.

VINs identified as being involved in this campaign are currently live and searchable.
Stop sale is in effect for the above-identified vehicles.

Vehicles impacted by a stop sale are eligible for reimbursement allowance through the Recall Floorplan Reimbursement Policy (RFPRP), which can be requested upon recall claim submission.

IMPORTANT: Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$27,168 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

REASON FOR THIS SAFETY RECALL

Some of the above vehicles, may have been built with an incorrect dash wiring harness that prevents the trailer lighting from functioning. Trailers with inoperative trailer lighting may result in an approaching vehicle being unaware of the change of direction or speed of the vehicle and trailer, which can cause a vehicle crash without prior warning.

The condition above fails to conform to the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 571.108, "Lamps, Reflective Devices, and Associated Equipment." requires trailer lighting to be operational. The affected vehicles were built with an incorrect dash wiring harness which may result in all trailer lighting being inoperative.

SERVICE ACTION

FCA US will conduct a voluntary safety recall to inspect and, if necessary, replace the dash wiring harness. The remedy for this condition is not currently available. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 1st Quarter of 2025.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
