

SAFETY RECALL NOTICE STOP SALE COMMUNICATION

Date: December 3, 2024

To: All U.S. Maserati Dealers
Subject: Safety Recall 761 – MY 2023-2024 Maserati Grecale and MY2024 GranTurismo Vehicles.

Effective immediately, the vehicles listed on MODIS for this campaign recall must not be delivered to customers. The subject vehicles are included in a voluntary safety recall that were potentially manufactured with the central vision processing/park assist module ("CVPAM") software that may prevent the camera signal from passing through to the media screen under certain conditions. The vehicle operator will notice that the rear-view image is not displayed if attempting to reference the image while backing. If this warning is not heeded, backing up without verifying it is safe to do so could lead to an increased risk of injury to people outside the vehicle.

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.111 S6.2.6 requires that "The rear visibility system default to the rearview image being visible and meet the requirements of FMVSS No. 571.111 S6.2.1 (field of view) and S6.2.2 (image size) at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected." Vehicles with suspect CVPAMs may not display the rearview image during a backing event under certain conditions.

Maserati North America will conduct a voluntary safety recall of all affected vehicles to update CVPAM software. The remedy for this condition will be available shortly. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in January 2025

Please be reminded that it is a violation of Federal law for you to deliver a new motor vehicle covered by this notification under a sale or lease until the defect is remedied. Violation of this requirement by could result in a civil penalty of up to \$27,168 per vehicle. You must correct all vehicles in your new vehicle inventory before delivery.

Thank you very much for your support.
