

I-24-11 Safety Recall DEX Alert

DEX Alert

Group: Update

Start Date: 1/16/2025

Removal Date: 4/16/2025

Title: Important I-24-11 Update

Alert Text:

Indian Motorcycle has identified an issue with the I-24-11 software update for 2025 Indian Scout Sixty models. This may result in a U260A fault code and a no-start condition. A Digital Wrench II database update has been made. There will not be a prompt for a Digital Wrench II version update.

To resolve this issue:

1. Use the Vehicle Update option in Digital Wrench II to update the ECM again.
2. Perform a power cycle.
3. Clear any faults.
