Safety Recall I-24-11

STOP SALE I-24-11 HAS BEEN CONVERTED TO THIS SAFETY RECALL

Indian Motorcycle previously issued a stop sale notice to affected dealers.

Indian Motorcycle has determined that the rider display on some Model Year 2025 Scout and Scout Sixty motorcycles may falsely indicate an incorrect gear. Incorrect indication of NEUTRAL can cause unintended movement, increasing the risk of crash or serious injury.

To address this concern, Indian Motorcycle has developed new Engine Control Module (ECM) software and released this Safety Recall update for affected vehicles.
