IMPORTANT SAFETY RECALL

April 2024

This notice applies to your vehicle: [REDACTED]

Dear [REDACTED],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Honda has decided that a defect which relates to motor vehicle safety exists in certain 2020-2024 GL1800/Goldwing motorcycles.

Why my vehicle is under recall: The fuel pump module may have an improperly molded impeller. Over time the impeller can deform and cause the fuel pump to become inoperable.

Safety Consequence

An inoperable fuel pump could prevent an engine from starting, cause a vehicle lose drive power or stall while riding, increasing the risk of a crash or injury.

What Honda will do:

Your Honda Powersports dealer will inspect, and if necessary, replace the fuel pump module, for **FREE**. Honda estimates that the repair will take approximately 1 hour to complete. However, your dealer can provide you with a better estimate of the overall time for this service visit, as it may be necessary to make your vehicle available for a longer period of time.

What we need you to do:

Please call any authorized Honda Powersports dealer and schedule an appointment to have your vehicle repaired for **FREE**.

If you are not the only rider of this vehicle, please advise all other riders and passengers of this important information.

California Owners Only

The DMV will not renew your vehicle's registration until this recall has been completed. After completing the repair procedure, your dealer will give you a Vehicle Emission Recall - Proof of Correction certificate. Please make sure the dealer provides you with a completed certificate. Keep the certificate for your records as proof that the recall was completed. Submit the certificate to the DMV only if the DMV requests it.
