DEALERSHIP INSTRUCTIONS

Please reference Safety Recall 28B.

IMPORTANT SAFETY RECALL

Tire Placard

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2023 and 2024 model year (GG) Dodge Hornet] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110 - Tire selection and rims.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

Your vehicle ^[1] may have been built with a non-compliant tire placard that does not correctly define the maximum Vehicle Capacity Weight (VCW) value. **Relying on an incorrect VCW value can result in vehicle overloading, which can cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.110 (S4.3) - Placard, requires that "each vehicle shall show...(a) vehicle capacity weight expressed as "the combined weight of occupants and cargo should never exceed XXX kilograms or XXX pounds.""

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

You may choose to apply the enclosed overlay label using the instruction as described on the enclosed instructions letter. Or if you prefer not to install the label yourself, simply contact your dealer to schedule a service appointment. FCA US LLC will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will apply the overlay label to the tire placard information. The estimated repair time is 20 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. **Please bring the enclosed overlay label and this letter with you to your dealership.**

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

IMPORTANT SAFETY RECALL

Tire Placard

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2023 and 2024 model year (GC) Alfa Romeo Tonale] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110 - Tire selection and rims.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

Your vehicle ^[1] may have been built with a non-compliant tire placard that does not correctly define the maximum Vehicle Capacity Weight (VCW) value. **Relying on an incorrect VCW value can result in vehicle overloading, which can cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.110 (S4.3) - Placard, requires that "each vehicle shall show...(a) vehicle capacity weight expressed as "the combined weight of occupants and cargo should never exceed XXX kilograms or XXX pounds.""

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

You may choose to apply the enclosed overlay label using the instruction as described on the enclosed instructions letter. Or if you prefer not to install the label yourself, simply contact your dealer to schedule a service appointment. FCA US LLC will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will apply the overlay label to the tire placard information. The estimated repair time is 20 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. **Please bring the enclosed overlay label and this letter with you to your dealership.**

SAFETY RECALL 28B - TIRE PLACARD OWNER INSTRUCTIONS

INSTALL THE TIRE PLACARD OVERLAY LABEL BY FOLLOWING THE PROCEDURE BELOW:

1. Locate the Tire placard label on the vehicle driver side B-pillar (Figure 1).

Figure 1 – Locate Tire Placard Label Location

2. Obtain the **NEW** tire placard overlay label for the vehicle and verify the **NEW** overlay label is appropriate for the vehicle based on engine size the vehicle is equipped with (Figure 2).
 - If you believe you received an incorrect overlay label, please contact your dealer.

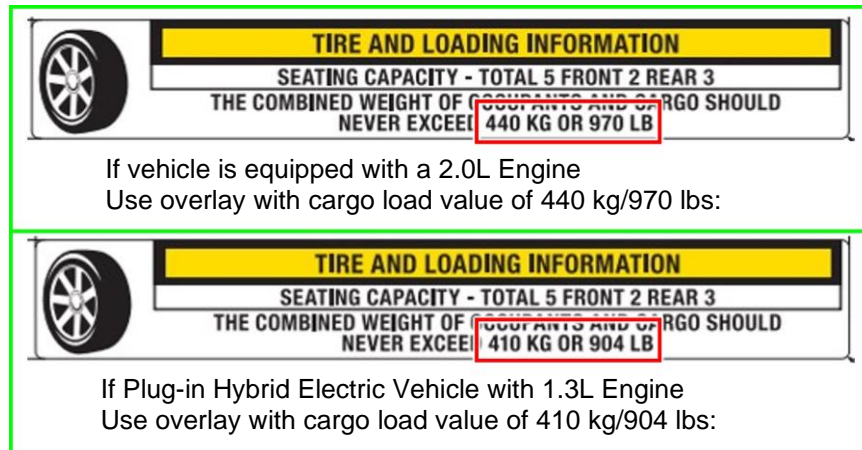

Figure 2 – Verify Overlay Label is Correct for Vehicle

3. Use isopropyl alcohol or window cleaner and a clean cloth to remove any wax, oil, dust, and debris from the existing tire placard label.
4. Allow the isopropyl alcohol or window cleaner to fully evaporate before applying the overlay label.
5. Apply appropriate overlay label to the tire placard label to correct the weight ratings in the original position, with the same text orientation (Figure 3).
6. Apply pressure to the entire surface of the tire placard overlay label with firm overlapping strokes removing all wrinkles and air bubbles. Using a tool such as a squeegee is allowed.

Figure 3 – Install Tire Placard Overlay Label
