IMPORTANT SAFETY RECALL

NHTSA Recall Number: 24V200
This notice applies to your vehicle: **Insert VIN**

April 29, 2024

Dear Kia EV6 Vehicle Owner:

Kia has identified a defect in your vehicle which relates to motor vehicle safety.

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that a defect which relates to motor vehicle safety exists in certain 2022-2024 MY EV6 vehicles. The defect can result in a loss of drive power while driving, increasing the risk of a crash. Our records indicate that you own or lease one of the affected vehicles.

What Is The Problem?

The Integrated Charging Control Unit (ICCU) may become damaged from transient high voltage and thermal cycling. A damaged ICCU may stop charging the 12-volt battery which can discharge gradually while driving with progressive reductions of drive power. Please note that if the warnings associated with the discharging battery condition are ignored, the vehicle may experience a complete loss of drive power. A loss of drive power increases the risk of a crash.

Kia Will Inspect And, If Necessary, Replace the ICCU And ICCU Fuse, And Install Updated ICCU Software Free of Charge At No Cost To You.

Kia dealers will inspect the ICCU and, if necessary, replace the ICCU and ICCU fuse. Dealers will also install updated ICCU software. This recall will be performed **free of charge at no cost to you**. The time required to perform this recall will be approximately one (1) to two (2) hours. However, your vehicle may be needed longer depending on the result of the inspection. We recommend scheduling a service appointment to minimize your inconvenience.

What Should You Do?

- **WARNING: You may experience audible warning chimes, illumination of the "Check electric vehicle system" warning light  , Master warning light  , Charging System warning light  , "Stop vehicle and check power supply" warning light, Power Down (Turtle) warning light  , and/or a reduction in drive power. If this occurs, pull over to a safe location and contact Kia Roadside Assistance at 1-800-333-4542 or online at kia.rsahelp.com to request to have your vehicle towed to the nearest authorized Kia dealership as soon as possible.**
- Your vehicle may have been affected by Kia's previous service campaign (SC271) and you may already have completed similar repairs on your vehicle. However, Kia advises you still need to complete this recall as soon as possible to have the most up to date ICCU software installed in your vehicle. In the interest of the safety of your passengers, as well as your own safety, contact your authorized Kia dealer to arrange for the recall to be performed on your vehicle.
- To find your nearest dealer, visit www.kia.com and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device). You can also use the QR code below with your mobile device to access this information (*see the bottom of this letter for more information about QR code use*):

What If You Have Already Paid To Have This Situation Corrected?

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. You may submit your receipts online to Kia via the Owners section of www.kia.com or mail your receipts with a copy of the attached Request for Reimbursement form directly to Kia for review and consideration:

Kia Customer Care
Kia America, Inc.
P.O. Box 52410
Irvine, CA 92619-2410
1-800-333-4542

Pursuant to the General Reimbursement Plan issued by Kia pursuant to Federal Regulation 49 CFR 573.13, Kia will use its best efforts to respond to your claim within sixty (60) days of receipt and at that time Kia may either accept or reject that claim or it may request more information to evaluate the claim.

Have You Changed Your Address Or Sold Your Kia?

If you have changed your home address, sold your Kia vehicle, or no longer own your vehicle, please complete the attached prepaid "Change of Address/Ownership" card and mail it to us. You can also contact the Kia Customer Care Center phone number listed below.

What If You Are A Vehicle Lessor?

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What If You Have Other Questions?

If your dealer does not respond to your service request in a timely manner, we suggest that you call Kia's Customer Care Center at 1-800-333-4542. This number has TTY capability. If your dealer fails or is unable to remedy this defect without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

This action has been taken in the interest of your safety, and we regret any inconvenience this situation may cause you.

Sincerely,

Customer Care Department

QR Code Use:

- *A QR Code is a square, 2-dimensional barcode that can be read by mobile devices loaded with an appropriate barcode or **QR Code Reader App**. The app reads the barcode image and then launches/uploads the specific information the code contains, such as URLs, text, photos, videos.*
- *With a mobile device, **download a QR Code Reader App**. With many devices, you can do this through an app store or marketplace.*
- ***Open the QR Code Reader App on your mobile device. The app will utilize your device's camera.** Center the code in the camera viewing area. With some apps, the URL or other information will automatically load when the code is recognized. For others, you may have to snap or take a picture of the QR code. Refer to the **QR Reader Code App instructions**.*
