This notice applies to your Genesis vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Genesis has decided that a defect, which relates to motor vehicle safety, exists in **certain 2023 – 2024 Model Year GV60, 2023 – 2024 Model Year GV70 Electrified and 2023 – 2024 Model Year G80 Electrified vehicles**. Genesis is initiating Safety Recall 021G to have the Integrated Charging Control Unit (“ICCU”) software updated. Additionally, the ICCU system will be inspected and the associated fuse and ICCU will be replaced, if necessary, on these vehicles. Our records indicate that your vehicle is affected by this recall.

### What is the problem?

These vehicles are equipped with an ICCU which charges the vehicle’s 12-volt auxiliary battery and powers low voltage vehicle accessory equipment. The ICCU may become damaged and stop charging the 12-volt battery. When this occurs, warning lights and messages will instruct the driver to stop the vehicle and a chime is present. The vehicle will enter a “fail-safe” driving mode by design while gradually reducing power in three stages. The vehicle could lose all motive power, increasing the risk of a crash.

### What will Genesis do?

Your Genesis retailer will inspect the ICCU system. The ICCU software will be updated and if necessary, the ICCU and its associated fuse will be replaced. This procedure will be performed at **NO CHARGE** to you.

### What should you do?

Please contact your nearest Genesis retailer to schedule the recall repair as soon as possible. The actual time required to perform the software update is less than one hour, however, your vehicle may be needed longer if the ICCU and associated fuse require replacement. To schedule an appointment with your preferred Genesis retailer:

1. Visit [www.genesis.com/recall](http://www.genesis.com/recall)
2. Enter your 17-digit VIN from the top of this letter and click the “Search” button.
3. Click the “Schedule Appointment” button and follow the onscreen prompts.

We recommend scheduling a service appointment to minimize inconvenience. Eligible owners may arrange in advance a Service Courtesy vehicle using Service Valet should you require alternate transportation during the service period.

### Additional information

If you have any questions or require further assistance, you may contact the Genesis Customer Care Center at **1-844-340-9741**. If you are not satisfied that we have remedied this situation without charge, and within a reasonable amount of time, you may wish to write to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, D.C. 20590, or call their toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We urge your prompt attention to this important safety matter and sincerely regret any inconvenience this condition may have caused you.
