IMPORTANT SAFETY RECALL NOTICE

NHTSA Recall 24V255

This notice applies to your vehicle: SCFVUJAW0MTV00636

Dear

Safety Recall Action RA-63-1832 – DBX 12V Battery Fusebox

REASON FOR THIS RECALL ACTION

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Aston Martin has decided that a defect which relates to motor vehicle safety may exist in certain vehicles that were manufactured from May 2020 through September 2023.

Aston Martin has not received any report of an accident or injury caused by this defect. As a precaution, however, we ask that you contact your dealer for assistance with this important safety action.

On the affected vehicles, it is possible that the fixings for the fuse box cables are not correctly torqued.

This could cause the cables to become loose, and (if undetected) cause the vehicle to lose electrical power or heat damage to the fuse box. Loss of electrical power could result in the engine stalling or loss of headlights, power assisted steering, or other vehicle functions. These could increase the risk of crash. Heat damage to the fuse box could cause smoke in the boot or an unpleasant odour.

A loose fuse box cable may cause a battery warning light to display on the instrument cluster.

The repair, if needed, involves replacement of a new washer, split washer, and flat nut to each affected stud in the fuse box.

The models affected are:

- 2020 – 2023 DBX
- 2022 – 2023 DBX707

WHAT WE WILL DO

Aston Martin will inspect the fuses and cables for damage and replace them as necessary, free of charge.

WHAT YOU SHOULD DO

Please contact your Aston Martin dealer as soon as possible to arrange a date for the repair. They will be able to fully explain why this Recall Action is necessary. Instructions for making this correction have been sent to your dealer. The labor time necessary to complete this service correction is a maximum of one hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your vehicle.

Your Aston Martin dealer is best equipped to obtain parts and provide the service to make sure that your vehicle is remedied as promptly as possible. Please contact Aston Martin Customer Service by calling 1-886-276-6661, if you have an issue getting the remedy.

If after contacting your dealer and Aston Martin Customer Services, you are still not able to have the safety defect remedied without charge and within a reasonable time, you may wish to write to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590 or call 1-888-327-4236 (TTY: 1-800-275-9171) or go to <http://www.nhtsa.gov>.

IF YOU NO LONGER OWN THE VEHICLE

If you have sold or traded your vehicle, please tell us by completing the enclosed Change of Keeper form and returning it to us.

We are sorry to cause inconvenience with this Recall Action. However, this action has been taken in the interest of your safety and continued satisfaction with our products.

Yours sincerely

Pedro Mota
President and CEO Aston Martin the Americas
