Dear Valued Customer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Spartan Fire, LLC has decided that certain model year 2022-2024 Gladiator and Metro Star, and 2023-2024 FC-94 model emergency response chassis cab vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 207, "Seating Systems."

Please note: The Vehicle Identification Number that may be affected by this recall is located at the top of this letter.

What is the defect?

On the affected vehicles, an undersized fastener installed during seat installation could potentially cause the seat mounting to fail during a loaded condition.

Corrective Action:

Dealers will inspect the seat mount fastener installation and replace the fastener when necessary. There is no cost to the vehicle owner for the recall remedy.

Labor Time:

Estimated time for the remedy may be up to 0.5 hours for inspection and up to 1 hour if the replacement of the fasteners is needed.
