IMPORTANT SAFETY RECALL

Front Fascia Energy Absorbing Foam

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2024 (WL) Jeep Grand Cherokee] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 208 - Occupant crash protection.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The front fascia energy absorbing foam on your vehicle ^[1] may be missing. **If the front fascia energy absorbing foam is missing, the energy management system is altered which may cause the front airbags to not deploy as intended which can increase the risk of injury in a crash.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.208 which specifies vehicle crashworthiness requirements in terms of forces and accelerations measured on anthropomorphic dummies in test crashes, and specifies equipment requirements for active and passive restraint systems. Suspect vehicles built with a missing energy absorbing foam may compromise intended load distribution or energy management and jeopardize proper crash sensing and airbag deployment.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US LLC will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will inspect and, if necessary, install the front fascia energy absorbing foam. The estimated repair time is 1.5 hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

TO SCHEDULE YOUR FREE REPAIR, CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
