This Notice applies to your vehicle VIN listed above.

Dear Forest River Customer:

This notice is sent in accordance with the requirements of the United States' *National Traffic and Motor Vehicle Safety Act*. Forest River has decided that a defect, which relates to the motor vehicle safety, exists in certain 2004 – 2024 Cedar Creek and 2006 – 2024 Puma Fifth Wheel Recreational Vehicles.

WHAT IS THE DEFECT?

The 7-way trailer connector includes wiring for the tow vehicle to charge the trailer batteries when the trailer is connected to the tow vehicle. This circuit is protected by a fuse installed in the tow vehicle. With the tow vehicle disconnected the 7-way does have 12V on the charge line but is not connected to any loads. As a precautionary measure Forest River supplies overcurrent protection from the trailer batteries to the 7-Way connector. The charge wire to the 7-way trailer connector may have been routed to the wrong side of the breaker in the battery compartment.

EVALUATION OF THE RISK TO THE VEHICLE AND OPERATOR(S) RELATED TO THE RECALL.

If the cord for the 7-way connector is not properly routed to the tow vehicle plug, under certain conditions, the cord may be pulled out of the junction box and cause a short circuit, increasing the risk of physical damage to surrounding portions of the trailer as well as increasing the risk of a thermal event or fire.

WHAT IS FOREST RIVER AND OUR DEALERSHIPS GOING TO DO?

Forest River is notifying dealerships of the recall. You may have the recall corrected at any Forest River dealership. However, it is preferable if you have your selling dealership perform the remedy. Forest River completely covers your cost for the remedy; you will not receive any bill of sale for anything covered under the above recall number.

WHAT SHOULD YOU DO?

Please contact your dealer immediately and request a service appointment to schedule the free remedy to inspect and rewire if necessary. The vehicle Owner is responsible for arranging to have the work completed. Please state you have been notified by Forest River of having a recall in process for your vehicle and provide the recall number for the dealership. It is also helpful to the dealership to have a copy of this letter when you take your vehicle in for the recall remedy. You may also visit www.forestriverinc.com for dealer locations.

HOW LONG WILL THE REMEDY PROCESS TAKE?

The estimated time of repair is .10 hours. However, the dealership may need to keep your vehicle or schedule an appointment with you for a later date to fit into their regular service schedule.

WHAT IF YOU HAVE PREVIOUSLY PAID FOR REPAIRS TO YOUR VEHICLE FOR THIS PARTICULAR CONDITION?

If you have already paid for a repair that is within the scope of this defect under recall, you still need to have this recall inspected and/or performed to ensure the correct parts and procedures were utilized. Additionally, you may be eligible for a refund of previously paid repairs. Refunds will only be provided for within the scope of this defect under recall.
