YOUR SCHEDULING OPTIONS

1. RECOMMENDED OPTION

Call your authorized Chrysler / Dodge / Jeep® / RAM Dealership.

2. Call the FCA Recall Assistance Center at 1-800-853-1403. An agent can confirm part availability and help schedule an appointment.

3. Visit recalls.mopar.com, scan the QR code below, or download the Mopar Owner's Companion App.

QR Code

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall 66B.

IMPORTANT SAFETY RECALL

Rearview Camera Visibility

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2021 - 2023 model year (RU) Chrysler Pacifica / Voyager, 2021 - 2022 model year (WD) Dodge Durango, 2022 - 2023 model year (MP) Jeep Compass, 2021 - 2023 model year (WL) Jeep Grand Cherokee L, 2022 - 2023 model year (WL) Jeep Grand Cherokee, 2022 - 2023 model year (WS) Wagoneer/Grand Wagoneer, 2022 model year (DT) Ram 1500 Pickup, 2022 model year (DJ) Ram 2500 Pickup, and 2022 model year (DF) Ram 3500 10K lb. Cab Chassis] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 111 - Rear visibility.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The radio software on your vehicle ^[1] may prevent the rearview camera signal from passing through to the media screen. The vehicle operator will notice that the rearview image is not displayed if attempting to reference the image while backing. **A rearview camera image that does not display decreases the driver's visibility, increasing the risk of a crash.**

The condition above fails to conform to the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 571.111 S6.2.6 requires that "The rear visibility system default to the rearview image being visible and meet the requirements of FMVSS No. 571.111 S6.2.1 (field of view) and S6.2.2 (image size) at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected..." and apply to other markets via direct reference to FMVSS or are implied via free trade agreements. Vehicles with suspect radio software may not display the rearview image during a backing event under certain conditions.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US LLC will repair your vehicle ^[2] free of charge (parts and labor). To do this you have two options. First, your vehicle's radio software can be reprogrammed remotely using firmware Over The Air (OTA) technology in the near future. By selecting the remote firmware OTA technology option to update your radio software, a visit to your dealership will not be necessary. When prompted, simply select "Update Now" on your radio display to update the software at your convenience.

For more information, visit:

<https://www.youtube.com/watch?v=ZNad3kwXeBA>

for details about the update process for your radio.

Second, you can take your vehicle to your dealer and your dealer will inspect and if necessary, update the radio software version. If you would like to have your dealer perform the repair, the estimated repair time is about 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
