QR Code

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall 79B.

IMPORTANT SAFETY RECALL

Rearview Camera Visibility

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2021 - 2023 model year (RU) Chrysler Pacifica / Voyager, 2021 - 2022 model year (WD) Dodge Durango, 2022 - 2023 model year (MP) Jeep Compass, 2021 - 2023 model year (WL) Jeep Grand Cherokee L, 2022 - 2023 model year (WL) Jeep Grand Cherokee, 2022 - 2023 model year (WS) Wagoneer/Grand Wagoneer, 2022 model year (DT) Ram 1500 Pickup, 2022 model year (DJ) Ram 2500 Pickup, and 2022 model year (DF) Ram 3500 10K lb. Cab Chassis] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 111 - Rear visibility.

RECALL DESCRIPTION

The radio software on your vehicle ^[1] may prevent the rearview camera signal from passing through to the media screen. The vehicle operator will notice that the rearview image is not displayed if attempting to reference the image while backing. **A rearview camera image that does not display decreases the driver's visibility, increasing the risk of a crash.**

The condition above fails to conform to the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 571.111 S6.2.6 requires that "The rear visibility system default to the rearview image being visible and meet the requirements of FMVSS No. 571.111 S6.2.1 (field of view) and S6.2.2 (image size) at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected..." and apply to other markets via direct reference to FMVSS or are implied via free trade agreements. Vehicles with suspect radio software may not display the rearview image during a backing event under certain conditions.

YOUR VEHICLE HAS ALREADY BEEN REMEDIED

According to our service records, the radio in your vehicle has already been reprogrammed remotely using firmware Over The Air (OTA) technology. Therefore, your vehicle has been remedied.

This notification is provided for your records only. There is nothing more that you need to do.

WHAT IF I HAVE QUESTIONS REGARDING THIS RECALL?

If you believe the radio in your vehicle ^[2] has not been reprogrammed remotely using firmware OTA technology or have questions or concerns which your dealer is unable to resolve, please contact the FCA Group Recall Assistance Center at either fcarecalls.com or 1 800-853-1403.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
