This notice applies to your [Model Year] Hyundai [Model] vehicle, VIN: XXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect, which relates to motor vehicle safety, exists in **certain 2022 – 2023 model year Elantra N and 2022 – 2023 model year Kona N vehicles**. Hyundai is initiating Safety Recall 262 to address a condition involving the High-Pressure Fuel Pump (“HPFP”). Our records indicate that your vehicle, with the VIN listed above, is affected by this recall.

What is the problem?

The Fuel Control Valve (“FCV”) in the HPFP assemblies could allow excess fuel to enter the fuel pump. An air/fuel mixture that runs too “rich” might result in a loss of drive power, increasing the risk of a crash.

What will Hyundai do?

Your Hyundai dealer will inspect the vehicle, update the Engine Control Module (“ECM”) Software and, if necessary, replace the high-pressure fuel pump. This procedure will be performed at **NO CHARGE** to you.

What should you do?

Please contact your nearest Hyundai dealer to schedule the recall repair as soon as possible.

As a precaution, if the malfunction indication light (“MIL”) is illuminated in your vehicle or if you experience a reduction in drive power, you are advised to visit a dealer immediately for diagnosis and repair.

The actual time required to perform the software update on your vehicle will take less than 1 hour, however, your vehicle may be needed longer if the HPFP requires replacement. To schedule an appointment with your preferred Hyundai dealer, please call **1-855-371-9460** or visit:

1. www.hyundaiusa.com/campaignhome
2. Enter your 17-digit VIN from the top of this letter and click the “Search” button.
3. Click the “Schedule Appointment” button and follow the onscreen prompts.

Additional information

If you have any questions or require further assistance, you may contact the Hyundai Customer Care Center at **1-855-371-9460**.

If you believe that the dealer or Hyundai has failed or is unable to remedy the defect without charge, or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll-free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to www.NHTSA.gov.

We urge your prompt attention to this important safety matter. We apologize for any inconvenience this may have caused you.
