Dear Valued Holiday Rambler Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REV Recreation Group Inc. has decided that a safety defect relating to motor vehicle safety exists on products within model year 2019-2025 Holiday Rambler brand gasoline motorhomes.

Holiday Rambler Products

Model Year(s) 2019-2025 Admiral

Model Year(s) 2023-2025 Eclipse

Manufactured date range

July 26, 2018 – February 14, 2024

June 29, 2022 – May 21, 2024

WHAT IS THE PROBLEM?

On motorhomes affected by this recall campaign the exterior patio electrical receptacle can be powered by inverter power, shore power or generator power. Only the inverter power source provides Ground Fault Circuit Interruption (GFCI) protection for the receptacle. The receptacle is not GFCI protected when powered by shore cord power or generator power. Without GFCI protection a ground fault may occur when someone is in contact with a live circuit while in wet or damp conditions. Risks of personal injury or death may occur.

Identify any warning which can precede or occur: None

NOTE: Only use the exterior patio electrical receptacle when it is powered by Invertor power while in wet or damp conditions

WHAT SHOULD YOU DO?

Please make certain your motorhome is immediately inspected by contacting an **authorized REV Recreation Group servicing dealer**. If required, the dealer will install a GFCI protection device prior to the Inverter Transfer Switch to protect the exterior patio receptacle.

For assistance locating an **authorized REV Recreation Group servicing dealer**, please call REV Recreation Group Owner Relations toll-free at: **(800) 322-8216**

WHAT WILL REV RECREATION GROUP DO?

With your continued satisfaction in mind, it is our intention to have these repairs made

at your convenience with as little disruption as possible. Effective immediately, REV RV dealers have been supplied with all the information needed to enable them to inspect and install a GFCI protection device.

The repair should take approximately one (1) hour to complete; however, because of service scheduling times, your dealer may need the vehicle for a longer period of time. This service will be performed for you free of charge.

When you deliver your motorhome for repairs, your dealer will complete a **Repair Order**. Upon completion of the repair, please sign the **Repair Order** and fill out the enclosed self-addressed **Vehicle/Owner Information Update Card** and return it to REV Recreation Group.

If you have changed your address or sold the motorhome, please take a moment to provide the name and address of the person or dealership you sold it to on the enclosed **Vehicle/Owner Information Update Card** and return it to REV Recreation Group. This will allow us to update our records and if necessary, notify the new owner using the information you provide.

Alternately, you may scan the QR code at right, or navigate to the following URL to access the Fleetwood RV owners' web page and update any pertinent mailing information:
