

# IMPORTANT SAFETY RECALL

October 2024

This notice applies to your vehicle, **VIN:** \_\_\_\_\_

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that certain 2024 model year GMC Canyon vehicles fail to conform to Federal Motor Vehicle Safety Standard FMVSS No. 108, "Lamps, reflective devices, and associated equipment." As a result, GM is conducting a recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

## IMPORTANT

- Your vehicle is involved in GM recall N242468880.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

### Why is your vehicle being recalled?

The left and/or right headlights may flicker under various conditions, including while driving and while the vehicle is in park. Headlamp flickering may momentarily decrease the effectiveness of the vehicle's headlights, increasing the risk of a crash.

### What will we do?

Your GM dealer will replace a module in the headlight that includes the correct software. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 90 minutes.

### What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

### Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.

For the hearing or speech impaired, please contact our Customer Assistance Center using the Telecommunication Relay Service by dialing 711 then providing the appropriate Customer Assistance Center number for your vehicle.
