

## IMPORTANT SAFETY RECALL

NHTSA Recall No. 24V-707

This notice applies to your vehicle(s) appearing on the attached list

October 2024

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*.

Micro Bird has decided that a defect, which relates to motor vehicle safety, exists in certain 2023-2024 G5 and MBII school vehicles equipped with an Oliva Torras second air conditioning compressor kit.

**So that we can notify you of recalls affecting your vehicle(s), it is important that you inform us of any change or error in your mailing address, vehicle ownership or status. Please send the completed form at the bottom of this letter to [recall@microbird.com](mailto:recall@microbird.com) using Address/Ownership Change in the Subject area.**

In the recalled school vehicles, the engine drive belt tensioner provided with the Oliva Torras compressor kit may not be strong enough, resulting in the tension in the engine drive belt to decrease. If it happens, the engine drive belt may move on the pulleys and even become dislodged. If the engine drive belt comes loose, critical accessories, such as the power steering, the alternator, the water pump, may stop working, increasing the risk of loss of control, loss of power or engine overheating, increasing the risk of a crash and/or fire.

### To complete this recall,

Locate the unit(s) in your fleet that appears on the attached List of Recalled Vehicles and contact a **Micro Bird dealer** to make an appointment to have your vehicle(s) corrected. The dealer will replace the Oliva Torras engine drive belt tensioner by a GM tensioner and the engine drive belt by a new one, and thus free of charge. Visit <https://www.microbird.com/dealers> to locate a Micro Bird dealer near you.

Micro Bird Corporation will reimburse parts and labor to mitigate this recall, but it will be your responsibility as owner to contact a Micro Bird dealer to have the defect corrected. **We evaluate that it should take about 90 minutes to repair each vehicle.**

### What if you have already paid for this repair?

You may be eligible to receive a reimbursement for the cost of repairs made prior to receiving this notice. You may submit your receipts by email to [recall@microbird.com](mailto:recall@microbird.com) using **24-111-GUC Reimbursement Request** in the Subject area.
