# IMPORTANT SAFETY RECALL

## Rear Bumper Lamps

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2021 - 2023 model year (BV) Jeep® Renegade] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108 Lamps, reflective devices, and associated equipment.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

### WHY DOES MY VEHICLE NEED REPAIRS?

Your vehicle <sup>[1]</sup> may have been built with a reverse gear lamp configuration with the incorrect bumper backup lamp assembly. **Reduced visibility of backup lamps could result in pedestrians and/or approaching vehicles being unaware of the position and direction of the vehicle, which may cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) 49 CFR 571.108 S7.6.2.1. FMVSS 108 Table 1-a requires that backup lamps shall be "1 White Additional lamps permitted to meet requirements". Vehicles in the suspect population may have been built with the incorrect bumper backup lamp assembly.

### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US LLC will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will inspect, and if necessary, replace the bumper backup lamp assembly. The estimated repair time is one hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**
