# IMPORTANT SAFETY RECALL

## LED Headlamps

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2025 Model Year (DT) Ram 1500] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108 - Lamps, reflective devices, and assoc. Equipment.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The **headlamp module** on your vehicle <sup>[1]</sup> may have been built with incorrect software that can cause the headlamps to become inoperative. **A nonfunctional headlamp can reduce visibility which may cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.108 S6.1.1 specifies the number of lamps and/or reflective devices for these suspect vehicles and their conformance to the performance requirements of this standard. The incorrect software may cause the headlamps not to function.

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US LLC will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will reprogram the headlamp module with corrected software. The estimated repair time is 15 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**
