Parts Return Information:	Return Camera Control Module to Jayco

INCORRECT CAMERA MODULE INSTALLATION

1. Camera module shown behind the access panel in figure 1 on the driver's side door three in the black box mounted to compartment ceiling.

- Figures 2 and 3 show the camera module mounted upside down and flush to the compartment ceiling.

REPLACE CAMERA MODULE WITH PROPER ORIENTATION INSTRUCTIONS

- The correction is to replace the module. Use the new brackets for correct orientation. (Figures 4 and figure 5)

2. Attach new brackets to the original brackets using the 4 screws and nuts provided. (Figures 6 and 7)
3. Install new bracket camera module back to compartment ceiling and connect harnesses. (Figure 8)
4. Test operation of all cameras.

Jayco's sole obligation under our limited warranty is to repair or replace defective materials and/or workmanship deemed our responsibility as determined by Jayco in our sole discretion. Jayco reserves the right to use new and/or remanufactured parts or materials of similar quality to complete any work, and to make parts and/or design changes as appropriate without notice to anyone. Jayco designs and/or materials changes are done without obligation to incorporate such changes in previously manufactured product. Jayco makes every reasonable effort to ensure field remedies will not adversely affect performance and/or safety of the unit. This field remedy is not intended to extend to future performance of this RV, or any of its materials, components or parts beyond the standard warranty period. The RV owner's obligation to notify Jayco, or one of its independent, authorized dealers, of a claimed defect does not modify any obligation placed on the RV owner to contact Jayco directly when attempting to pursue remedies under state or federal law.
