Bulletin Title Recall R10296: Far Side Airbag, MY 2023-2024 C40	Group 88	CAT/NO R10296
Car Market United States	Issue Date 12/18/24	Status Date 12/18/24
Revisions	Page Page 1 of 1	

Volvo Cars USA LLC on behalf of the Volvo Car Corporation has decided to launch Recall R10296: Far Side Airbag on certain model year 2023-2024 C40 vehicles.

Volvo Car Investigations has determined that the supplier's assembly line had incorrect software control parameters that caused the clamps on the driver side inner Far Side Airbag (FSAB) to not be crimped properly.

As a result, in the event of a crash, the driver side inner FSAB may not deploy correctly, increasing the risk of injury.

To remedy concerned vehicles, Volvo Cars will replace the inner FSAB in the driver front seat.

Volvo Cars centrally has not received any reports alleging injuries, fatalities, or crashes related to this condition.

A total of 2 U.S. vehicles are affected by this recall.

Part Number	Qty	Failing Part	Description
32403043	1	F	Air bag module
