This Notice applies to your vehicle VIN listed above.

Dear Forest River Customer:

This notice is sent to you in accordance with the requirements of the *Motor Vehicle Safety Act*. This notice is also sent to you in accordance with the requirements of the United States' *National Traffic and Motor Vehicle Safety Act*. Forest has decided that a defect, which relates to the motor vehicle safety, exists in certain 2019-2024 Georgetown and FR3 Class A Motorhome Recreational Vehicles. This is to inform you that your vehicle may contain a defect that could affect the safety of a person.

### **WHAT IS THE DEFECT/NONCOMPLIANCE?**

The brackets that secure the propane tank could fail. As a result, the propane tank could become damaged and/or detach. If this happens, the tank could leak propane.

### **EVALUATION OF THE RISK TO THE VEHICLE AND OPERATOR(S) RELATED TO THE RECALL.**

A propane gas leak could create the risk of a fire or explosion. Additionally, a propane tank that detaches from the motorhome could create a road hazard for others and increase the risk of a crash

### **WHAT IS FOREST RIVER AND OUR DEALERSHIPS GOING TO DO?**

Forest River is notifying dealerships of the recall. You may have the recall corrected at any Forest River dealership. However, it is preferable if you have your selling dealership perform the remedy. Forest River completely covers your cost for the remedy; you will not receive any bill of sale for anything covered under the above recall number.

### **WHAT SHOULD YOU DO?**

Please reference the enclosed inspection procedure. Follow the instructions for the inspection of the LPG tank brackets' welds and bend. Once we receive the information, a representative will be in touch with you if further action is required. If you are not comfortable with performing the inspection, you may take your vehicle to your dealer, and they will perform the inspection. The vehicle Owner is responsible for arranging to have the work completed. Please state you have been notified by Forest River of having a recall in process for your vehicle and provide the recall number for the dealership. It is also helpful to the dealership to have a copy of this letter when you take your vehicle in for the recall remedy. You may also visit [www.forestriverinc.com](http://www.forestriverinc.com) for dealer locations.

### **HOW LONG WILL THE REMEDY PROCESS TAKE?**

The estimated time of repair is .20 hours. However, the dealership may need to keep your vehicle or schedule an appointment with you for a later date to fit into their regular service schedule.

### **WHAT IF YOU HAVE PREVIOUSLY PAID FOR REPAIRS TO YOUR VEHICLE FOR THIS PARTICULAR CONDITION?**

If you have already paid for a repair that is within the scope of this defect under recall, you still need to have this recall inspected and/or performed to ensure the correct parts and procedures were utilized.

Additionally, you may be eligible for a refund of previously paid repairs. Refunds will only be provided for within the scope of this defect under recall.
