### FOLLOW-UP NOTICE

August 9, 2024

Dear Kia Telluride Vehicle Owner:

**Kia has identified a defect in your vehicle which relates to motor vehicle safety.**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that a defect which relates to motor vehicle safety exists in certain 2020 MY Telluride vehicles. The defect may cause the loss of high beam(s) and reduce driver's visibility, thereby increasing the risk of a crash. The remedy parts are now available for your vehicle.

#### What Is The Problem?

The high beam shield gear mechanism in your vehicle can become damaged due to heat generated from the halogen bulb. If this occurs, the high beam headlight(s) is no longer operable. Inoperable high beam headlights may reduce visibility, increasing the risk of a crash. This condition does not affect the operation of the low beams.

**Kia Will Inspect And, If Necessary, Repair or Replace The Headlamp Assembly Free of Charge At No Cost To You.**

Kia dealers will inspect and, if necessary, repair or replace the headlamp assembly. This recall will be performed **free of charge at no cost to you.** The estimated time required to perform this recall will be approximately one (1) to two (2) hours. However, your vehicle may be needed longer depending on the result of the inspection and shop scheduling. We recommend scheduling a service appointment to minimize your inconvenience.

#### What Should You Do?

- **WARNING:** You may experience reduced high beam visibility from either the left or right side due to an inoperable high beam. Kia reminds its customers to use safe driving practices including adjusting speed and distance based on external light conditions.

- In the interest of the safety of your passengers, as well as your own safety, contact your authorized Kia dealer to arrange for the recall to be performed on your vehicle.
- To find your nearest dealer, visit [www.kia.com](http://www.kia.com) and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device). You can also use the QR code below with your mobile device to access this information (*see the bottom of this letter for more information about QR code use*).

### What If You Have Already Paid To Have This Situation Corrected?

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. You may submit your receipts online to Kia via <https://customercare.kiausa.com> or mail your receipts with a copy of the attached Request for Reimbursement form directly to Kia for review and consideration:

**Kia Customer Care**

**P.O. Box 52410**  
**Irvine, CA 92619-2410**  
**1-800-333-4542**

Pursuant to the General Reimbursement Plan issued by Kia pursuant to Federal Regulation 49 CFR 573.13, Kia will use its best efforts to respond to your claim within sixty (60) days of receipt and at that time Kia may either accept or reject that claim or it may request more information to evaluate the claim.

### Have You Changed Your Address Or Sold Your Kia?

If you have changed your home address, sold your Kia vehicle, or no longer own your vehicle, please complete the attached prepaid "Change of Address/Ownership" card and mail it to us. You can also contact the Kia Customer Care Center phone number listed below.

### What If You Are A Vehicle Lessor?

**Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.**

### What If You Have Other Questions?

If your dealer does not respond to your service request in a timely manner, we suggest that you call Kia's Customer Care Center at 1-800-333-4542. This number has TTY capability. If your dealer fails or is unable to remedy this defect without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-888-275-9171); or go to <http://www.safercar.gov>.

This action has been taken in the interest of your safety, and we regret any inconvenience this situation may cause you.

Sincerely,

Customer Care Department

#### **QR Code Use:**

- A QR Code is a square, 2-dimensional barcode that can be read by mobile devices loaded with an appropriate barcode or QR Code Reader App. The app reads the barcode image and then launches/uploads the specific information the code contains, such as URLs, text, photos, videos.
- With a mobile device, download a QR Code Reader App. With many devices, you can do this through an app store or marketplace.
- Open the QR Code Reader App on your mobile device. The app will utilize your device's camera. Center the code in the camera viewing area. With some apps, the URL or other information will automatically load when the code is recognized. For others, you may have to snap or take a picture of the QR code. Refer to the QR Reader Code App instructions.
