

**IMPORTANT SAFETY RECALL – 2<sup>nd</sup> NOTICE**

**NHTSA Recall No. 24V-842**

**This notice applies to your vehicle(s) appearing on the attached list**

June 2025

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*.

Micro Bird has decided that certain 2023 CT-Series vehicles equipped with a vandal lock on the rear emergency door fail to conform to Federal Motor Vehicle Safety Standard No. 217, "Bus emergency exits and window retention and release."

**So that we can notify you of recalls affecting your vehicle(s), it is important that you inform us of any change or error in your mailing address, vehicle ownership or status. Please send the completed form at the bottom of this letter to [recall@microbird.com](mailto:recall@microbird.com) using Address/Ownership Change in the Subject area.**

In the recalled vehicles, the ignition interlock does not prevent the engine from starting if the rear emergency door is locked after the key has been inserted in the ignition. These vehicles may not comply with Federal Motor Vehicle Safety Standards, Standard #217, "Bus emergency exits and window retention and release". The interlock works correctly to prevent the engine from starting when the door is already locked when the key is inserted in the ignition. If the vehicle circulates with a locked emergency door that could not be opened from outside and would need to be unlocked to be opened from inside, the risk of injuries is increased in case of an emergency.

**To complete this recall,**

Locate the unit(s) in your fleet that appears on the attached List of Recalled Vehicles and contact a **Micro Bird dealer** to make an appointment to have your vehicle(s) corrected. The dealer will modify the ignition interlock connection to the ignition system, and thus free of charge. Visit <https://www.microbird.com/dealers> to locate a Micro Bird dealer near you.

Micro Bird Corporation will reimburse labor to mitigate this recall, but it will be your responsibility as owner to contact a Micro Bird dealer to have the defect corrected. **We evaluate that it should take 45 minutes to repair each vehicle.**

**What if you have already paid for this repair?**

You may be eligible to receive a reimbursement for the cost of repairs made prior to receiving this notice. You may submit your receipts by email to [recall@microbird.com](mailto:recall@microbird.com) using **24-112-IUC Reimbursement Request** in the Subject area.

Please send any question or concern regarding this recall campaign to [recall@microbird.com](mailto:recall@microbird.com), using **24-112-IUC** or **24V-842** in the Subject area.
