Sandy Springs, GA 30328
Phone: (800) 367-6372

This notice applies to your vehicle, VIN: [REDACTED]
Interim Letter: Replace Transmission Wiring Harness
NHTSA Recall ID: 24V445

[REDACTED]
[REDACTED]
[REDACTED]
August, 2024

Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG, the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2019-2023 E-Class, CLS, and AMG GT 4-Door vehicles equipped with 4MATIC+. **Our records indicate that your vehicle is included in the affected population.**

What is the issue?

The transmission wiring harness connection might not have been correctly remedied during a prior recall (22V533) repair. As a consequence, water might enter the connector and result in a short circuit. The short circuit might lead to thermal overload of the connector, which could increase the risk of a fire when the vehicle is parked with the ignition off.

Unfortunately, the remedy is not yet available. We are working to obtain the necessary parts to address this important safety recall as quickly as possible. When the remedy becomes available, we will send you another letter informing you to schedule an appointment with an authorized Mercedes-Benz dealer to have your vehicle repaired, **at no cost to you.**

What Do I Need To Do?

In the rare instance of either the yellow battery indicator lamp or the “4MATIC malfunction” warning message appearing in the instrument cluster, immediately contact your preferred Authorized Mercedes-Benz dealer or the Mercedes-Benz USA Customer Assistance Center (1-800-367-6372) to schedule a free repair. Out of an abundance of caution, if either message above appears, park your vehicle outside and arrangements will be made to tow your vehicle to your preferred dealer and mobility options will be provided free of charge until the remedy is available.

Should you have any concerns or questions regarding your vehicle before you receive the next letter when the remedy becomes available, please contact 1-(800) FOR-MERCEDES (1-800-367-6372).

We apologize for any inconvenience this may have caused and look forward to taking care of this important safety recall immediately.

Sincerely,
Mercedes-Benz USA

What if I no longer own or drive the vehicle or would like to update my contact information?

In the event you need to update your contact information or have updates concerning the vehicle, please visit www.mbusa.com/recall (or scan the QR Code to the left), submit your VIN using the VIN recall lookup tool, and complete the "Recall Contact Information" section on the website. If possible, please provide any contact information of the current owner/driver so we can contact them.

Additional Information for Owners:

A VIN-based recall lookup tool is available at www.mbusa.com/recall, which can be used to check whether a vehicle has been subject to a safety recall, or had the remedy performed. Should you have any questions or encounter any difficulty regarding this recall, please contact an authorized Mercedes-Benz dealer.

Should an authorized Mercedes-Benz dealer be unable to address your concerns, please contact us at **1-(800) FOR-MERCEDES (1-800-367-6372)**. We are always happy to hear from you.

If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 business days to comply with Federal Regulations.

If an authorized Mercedes-Benz dealer for any reason is unable to remedy the situation without charge, or within a reasonable amount of time, Pursuant to law 49 U.S.C. Chapter 301, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153); or go to <https://www.nhtsa.gov>.
