Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2025 Model Year (DT) Ram 1500] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108 - Lamps, reflective devices, and assoc. Equipment.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The **headlamp module** on your vehicle <sup>[1]</sup> may have been built with incorrect software that can cause the headlamps to become inoperative. **A nonfunctional headlamp can reduce visibility which may cause a vehicle crash without prior warning.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.108 S6.1.1 specifies the number of lamps and/or reflective devices for these suspect vehicles and their conformance to the performance requirements of this standard. The incorrect software may cause the headlamps not to function.

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

**The remedy for this condition is not currently available.** We are making every effort to finalize the remedy, and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US LLC will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment <sup>[2]</sup>. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.
