

24V-327
In-Vehicle / In-App Communication – Safety Recall Reminder
04 Mar 2026

Title	Text	Short Text	Pop-Up
<p>BMW Safety Recall 24V-327: Tire Information Label</p>	<p>The tire information label may contain tire size and tire pressure information that does not match the tires on your vehicle. When inflating the tires on your vehicle, if the label was used, and if the vehicle Owner’s Manual (in-vehicle electronic and/or paper) was not checked, then the tires could be inflated to a pressure slightly lower than that on the required label. The slightly lower tire inflation pressure may affect handling and control of the vehicle, and may increase the risk of a crash.</p> <p>Contact an authorized BMW center immediately to get your vehicle repaired for FREE. Dealer locator: bmwusa.com/dealer.</p> <p>Advise all drivers of this important information.</p> <p>For the latest updates to this recall, please visit bmwusa.com/recall.</p>	<p>Important BMW Safety Recall 24V-327: Tire Information Label.
