Title

BMW Safety Recall 24V-608: Water Pump Electrical Connector

Text

This safety recall involves the water pump's electrical plug connector. Small drops of liquid from the positive crankcase ventilation system could drip down onto the water pump's electrical connector. Over time, this could lead to a short circuit and, in rare cases, a thermal event or a fire.

If you notice smoke from the engine compartment, your vehicle may be experiencing this issue. Do not continue to drive the vehicle. All occupants should exit the vehicle and move to a safe location away from traffic. Dial 911 in the event of an emergency. If it is not an emergency, contact BMW Roadside Assistance at 1-800-332-4269.

Contact an authorized BMW center immediately to get your vehicle repaired for FREE. Dealer locator: bmwusa.com/dealer.

Advise all drivers of this important information.
