**Subject:** Safety Recall RVXX2402 Steering Draglink

Due to an unexpected quality issue, Volvo Trucks is issuing a safety recall that affects draglinks for certain model year 2025 VHD, VN and VNE's. Inventory must be verified, and any affected parts will need to be removed from inventory and not installed for service. Please quarantine all affected part numbers, per the table below, and hold until further notice.

Please inspect the draglink for the following part numbers and their respective build dates. IF the date matches one from the list below, the draglink MUST be quarantined.
