### Details of the Recall

The second-row seatbelt buckle on your vehicle may have an insufficiently tightened fastener, which may result in reduced occupant restraint capabilities. Reduced occupant restraint capabilities can increase the risk of injury to vehicle occupants in certain types of crashes.

FCA US LLC will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect and, if necessary, tighten the second-row seat buckle bolt to the proper specification. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

### How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge, RAM dealer right away to schedule a service appointment.

*We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.*
