Alert

### What's In This Update?

Priority Update

**Safety Recall 24S38**

• We have updated your vehicle's Body Control Module (BCM) software with the correct configuration for backup lamp operation. Your back-up lamps should now illuminate when the vehicle is placed in reverse gear. This completes Safety Recall 24S38. No further action is required.

Software updates are designed to help make your vehicle better over time.

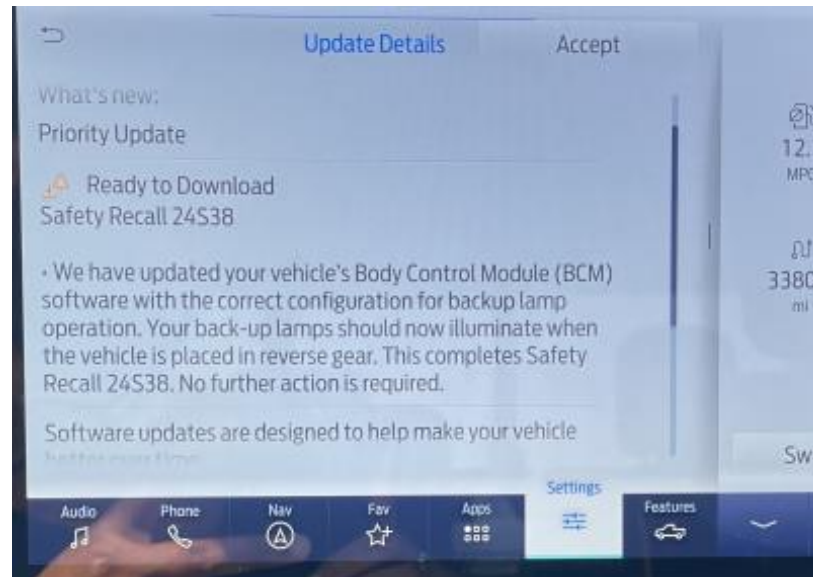

BCM-24.6.C
