

24V-576
In-Car / In-App Communication – Safety Recall Reminder
26 Dec 2024

Title

BMW Safety Recall 24V-576: Engine Starter

Text

The engine may not be able to be started. If the driver repeatedly attempts to start the engine using excessively long starting attempts, this may cause an electrical overload of the starter, lead to overheating and, in rare cases, could increase the risk of a thermal event or fire.

Contact an authorized BMW center immediately to get your vehicle repaired for FREE. Dealer locator: [bmwusa.com/dealer](https://www.bmwusa.com/dealer).

Advise all drivers of this important information.
